means that you won’t need to plug the speaker into a wall power socket. This combined with their space-saving design, allows you to place these speakers anywhere in your home.

Easy to use

Want to listen to your music without bothering anyone else? Simply plug your headset into the speaker set and enjoy your listening experience alone. Easily control the volume and bass level by using the control placed on the front of the speaker. On top of that, the speaker contains an extra input connection for your tablet, phone or other music playing device. With the speaker set, you can enjoy your own music as well as the music of your friends and family.

Smart Power Management

The speaker set also features Smart Power Management. This means that your speaker will automatically go into standby mode when you are not using it.
